

# Straight talk with Coleen

From hot headlines to juicy celebrity gossip, she's got an opinion on the lot!

## Welcome to the dark side

Kylie is our favourite brunette

**T**he Aussie pop princess, 43, has changed her hair more than we've had hot dinners since her *Neighbours* poodle perm. I think she looks fab blonde or brunette (well jell!). And I know they say blondes have more fun, but **Kylie**, let me tell you... brunettes have much more fun, just wait and see!

### Just a housewife?

A study claims that women hate the word 'housewife' as it sounds boring. Apparently, they prefer the term 'stay-at-home mum'. I don't like either label. Working, cleaning and cooking is a hard balancing act. I prefer the term 'domestic goddess'!

**S**ir Paul McCartney, 69, married American millionaire **Nancy Shevell**, 51, in the same register office that he married his much-missed first wife Linda. A lot of people think that Nancy must have hated it, but I don't agree – I see it as a good omen. Paul couldn't have loved his first wife more and the marriage lasted until she passed away. It was an understated service where the bride and groom both looked very happy. Nancy didn't marry for money as she is a lady with her own fortune. I wish them both every happiness.

Bye bye to the goody 2 Shoes!

### Two shoes and a wedge!

Last Monday, I met *The X Factor* finalists **2 Shoes** in The Hub. They are brilliant and I think it was a major mistake to vote them off on the first live show. Those girls – **Charley Bird**, 23 and **Lucy Texeria**, 21 – have the fun factor, amazing voices and they're from Essex, which is totally the place to be from at the moment! I think I should join their group and rename us 2 Shoes and a Wedge. We'd be great!

# Bridal time lucky

## £101 million?

You need to be in it to win it

**Lottery winners Dave and Angela Dawes** are going to sort out 20 of their friends. With my luck, I'd be friend number 21! But I don't think I'd have gone public. Now, they face anger from friends they never knew they had, and family members are already coming out of the woodwork to have their say. That said, what I love about this news is that you really can win millions and scooping the jackpot can change your life. OK, I'm off to get a ticket!
